Hull & East Riding Cyclists' Touring Club

Runs List 2010

Programme Of Events 2010

This programme lists the rides organised by your local CTC group. Rides start from Cottingham Green (CG), Beverley Market Cross (BMC). For the South Bank, rides start at the Humber Bridge Car Park (HBCP). Please arrive punctually. Rides are categorised as follows:-

- A All day ride at a distance & pace suitable for experienced, fit riders.
- B All day ride at a distance & pace suitable for more experienced riders. Rides that start at 10.00am will have no coffee stops.
- C Shorter, easy-paced rides suitable for all abilities.
- RR Rendezvous Ride. Meet for lunch, return with group perhaps.

CONDUCT AND SAFE RIDING

All cyclists are cordially invited to join the rides. A responsible adult must accompany children under the age of 14. Riders should carry at least a basic tool kit, waterproofs, drink, emergency food, (e.g. energy bars or dried fruit) and, from October to March, lights.

For the benefit of all riders, please remember these points for safe cycling in a group:-

1. Never ride more than two abreast and in groups of more than twenty.
2. Give a verbal warning when approaching an obstruction, slowing down or stopping.
3. Give warning of approaching traffic on narrow roads and single out.
4. If you overtake the leader on a hill, wait at the top or at first junction.
5. If you are having trouble with the pace, tell the leader.
6. Leaders of A rides are likely to be less sympathetic. You should avoid these rides until you've done a few B rides, and are confident of your ability.
7. If you decide to abandon the ride and do your own thing - please tell someone.
8. Enter all Standard Rides at least seven days in advance

Reports for "The Woldsmen" would be appreciated
