Winter rides that start at 10.00am will have no coffee stops.
- C** Shorter, easy-paced rides suitable for all abilities.

- Bike Bus** Travel by bus with your bike one way, travel home on your bike

CONDUCT AND SAFE RIDING

All cyclists are cordially invited to join the rides. A responsible adult must accompany children under the age of 14. Riders should carry at least a basic tool kit, waterproofs, drink, emergency food, (e.g. energy bars or dried fruit) and, from October to March, lights.

For the benefit of all riders, please remember these points for safe cycling in a group:-

1. Never ride more than two abreast and in groups of more than twenty.
2. Give a verbal warning when approaching an obstruction, slowing down or stopping.
3. Give warning of approaching traffic on narrow roads and single out.
4. If you overtake the leader on a hill, wait at the top or at first junction.
5. If you are having trouble with the pace, tell the leader.
6. Leaders of A rides are likely to be less sympathetic. You should avoid these rides until you've done a few B rides, and are confident of your ability.
7. If you decide to abandon the ride and do your own thing - please tell someone.
8. Enter all Standard Rides at least seven days in advance.

NEW MID WEEK RIDES

A weekly mid week B ride is being organised each Thursday a distance of about 50 miles, leaving Skidby or Humber Bridge at 9.45am. For more details ring Roger 848741 or Dave W 07723 800197.
